OPPORTUNITY
THE CHANCE FOUNDATION
SCHOLARSHIPS

Since 1958, Centralia Seniors have been offered three college scholarships each year by the Chance Foundation, which believes:

The spirit of achievement and competition in school should be encouraged.

Students should be rewarded for achievement with tangible recognition. In our free, competitive society, such recognition should logically come from business, industry, individuals and the institutions which they endow.

Through scholarship, students may have the satisfaction of helping to pay their own way.

With this philosophy in mind, the scholarships are awarded to students, regardless of need, who meet the required standards by their own initiative and efforts.

Scholarships are offered in the following fields:

Engineering or Physical Science (pays \$800 a year for four years)

General Economic or Teaching (pays \$700 a year for four years)

Commercial (pays \$500 a year for one or two years).
